This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

These Registers have been printed from a copy now in my possession, made by the late W. H. Black of Her Majesty's Record Office. The following note, in the handwriting of Mr. Black, appears on the first page of the M.S.:—

much later than the book had written, the foregoing Title. It is written at both ends, but on what is properly the FIRST *leaf are written two Affidavits of the Registrars elect, according to the Statute. Then follow five leaves of Births, Burials, and Marriages, and one shamefully torn loose leaf, which seems to be one of many torn out after the fourth leaf, then after two more, very many leaves, perhaps more than now remain altogether have been cut out, fragments only of the inner margin remain. The rest of the book, nine leaves, begins at the other end, & contains an account of Church briefs for fires & the amount collected under each, from 1694 to 1744.*

All copies sold.

Catholic Registers of the City of Worcester. 1685 to 1837. Fifty copies printed, numbered and signed, bound in vellum; subscription price, two guineas.

These Registers were printed with the permission of the Very Rev. E. Purbrick, S.J.

"*From the fact that prior to the Restoration of Charles II. it was judged unsafe to keep any record of Catholic baptisms and marriages, this Register of St. George's, Worcester—dating, as it does, from 1685—is probably the earliest in existence. Moreover, the curious little volume with which it commences—an account book, 8 inches in length, by about three inches in breadth—bears evident traces of having been at some time deprived of its earlier leaves. Throughout the volume the signature of a priest is only once attached, viz., that of the Rev. Charles Hanne, on 12 March 1749; but from 1778, the date of the commencement of the second volume, and, singularly enough, the very year of the passing of the first Catholic Relief Act, the name of the officiating priest is nearly always given.*" *The following names, amongst others, occur:—*
